STORIES OF OUR STREETS WRITING COMPETITION

THE DESTRUCTION OF THE ROBOTS

One day I was on my way to the shop and when I arrived there was nobody there! The only thing there was, was a sign that said open the door and complete the obstacle inside and you win 1,000,000 pounds so without any hesitation I went in and robots were staring at me repeatedly saying give me all your money!

I tried to hit one of them but they slammed me to the ground and put me in prison- there was so many old people in there! One was called Bruno, Fernandes, Timmy, Jack and lastly Mark that's all I know!

The bars were fully secured and nobody could get out. I tapped the guard and I was going to say something but he disappeared.

I realised they were all illusions! I opened the door and I was free!

You should never trust door signs unless there's a line and people come out!
